Building Confidence While Speaking in English

27 November 2025

Why Speaking Confidence Matters

Being able to speak English confidently opens doors to better communication, academic success, and professional growth. Many learners understand English well but hesitate to speak due to fear of mistakes or lack of practice.

This edition of our newsletter focuses on practical, simple strategies to help students (and even teachers!) speak more confidently.

Key Techniques to Build Speaking Confidence

- **Start Small and Simple**

Encourage students to begin with short sentences, greetings, and everyday phrases. Simple steps like introducing themselves or answering familiar questions help build early confidence.

- **Practice Every Day (Even for 5 Minutes!)**

Daily speaking practice talking to classmates, teachers, family, or even recording themselves can bring huge improvements.

- **Think in English**

Shifting from translating to thinking in English helps learners speak faster and more naturally. Begin with simple thoughts: *“I am walking,” “This is my bag,” “I need to write.”*

- **Make Mistakes Proudly**

Remind students that mistakes are signs of learning, not failure.

Use phrases like:

1. *“Mistakes help us grow.”*
2. *“Every error is a step toward fluency.”*

Common Speaking Challenges & How to Overcome Them

Students often struggle with:

- **Pronunciation difficulties** 👉 Use slow-speaking practice + mirror exercises.
- **Limited vocabulary** 👉 Learn 3-5 new words daily, use them in sentences.
- **Grammar worries** 👉 Focus on clarity, not perfection.
- **Stage fright** 👉 Start with small groups, progress to larger audiences.
- **Low self-belief** 👉 Encourage affirmations like *“I can speak. I can improve.”*

Classroom Activities to Boost English Speaking Confidence

- **Daily Speaking Circle** - Each student speaks for 30-60 seconds on any simple topic - favourite food, hobby, or a picture shown by the teacher.
- **Role Plays** - Role plays such as shopping, visiting a doctor, giving directions, or interviewing help students practice realistic conversations.

- **“English-Only Zones”** - Create small spaces or time slots where only English is spoken, no matter how simple the sentences are.
- **Pair Conversations** - Think–Pair–Share helps students open up by first discussing in pairs before sharing with the class.
- **Reading Aloud** - Reading aloud builds pronunciation, fluency, and confidence. Start with short paragraphs or dialogues.

Tips for Teachers to Encourage Confident Speaking

1. Praise attempts, not just accuracy.
2. Provide sentence starters such as: *“I believe...”, “In my opinion...”, “I would like to say...”*
3. Maintain a non-judgmental, friendly tone.
4. Encourage shy students privately.
5. Correct mistakes gently, without interrupting the student’s flow.

NEEV programme brings activity-based learning to Delhi classrooms

The NEEV initiative is reshaping how students learn: instead of traditional rote memorization, classrooms under NEEV (for classes 8–12) are now focusing on hands-on, activity-based learning. The aim is to foster creativity, critical thinking, and real-world skills in students helping them become more prepared for life beyond examinations. [The Times of India](#)
